Objective

Motivated Computer Science undergraduate seeking a Software Development Engineer (SDE) role. Strong foundation in Java, Python, and C++ with hands-on experience in full-stack web development, database management, and problem-solving through 100+ solved coding problems across competitive platforms.

Education

Institute of Aeronautical Engineering, Hyderabad	Expected May 2028
B.Tech in Computer Science and Engineering	CGPA: 8.1/10
Sri Chaitanya Junior College, Kondapur	Mar 2024
Intermediate (MPC)	88%
Shree Netaji Gurudev Gurukul, Tandur	2022
SSC	GPA: 10/10

Technical Skills

Programming Languages: Java, Python, C++

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, DBMS

Web Technologies: HTML, CSS, PHP

Databases: MySQL

Tools & Platforms: Git, GitHub, VS Code

Internship Experience

Full-Stack Web Development Intern	Apr 2026 – Jun 2026
<i>Jyesta Corporate Entity</i>	
- Built responsive, cross-browser web pages using HTML, CSS, PHP, and MySQL as part of a 2-month full-stack development internship. - Designed and implemented CRUD operations to integrate front-end interfaces with a MySQL database. - Collaborated on frontend and backend modules, translating requirements into functional web features. - Applied structured problem-solving to debug and optimize code through practical development assignments.	

Projects

Student Management System	2025
<i>Java, MySQL, HTML, CSS</i>	
- Built a system to manage student records, attendance, and academic details for streamlined data handling. - Implemented full CRUD functionality in Java with JDBC-based MySQL connectivity. - Designed a clean, responsive user interface to support efficient and error-free data entry.	

Certifications

• Full-Stack Web Development Internship – Jyesta Corporate Entity	Apr 2026
• SQL (Basic)	Mar 2026
• Java (Basic)	Mar 2026
• AI Fundamentals	Oct 2025

Coding Profiles & Achievements

- Solved 120+ problems across competitive programming platforms, strengthening DSA and problem-solving skills.
- GeeksforGeeks** – 50+ problems solved
- LeetCode** – 40+ problems solved
- HackerRank** – 30+ problems solved
